SUBJECT NO. 6.

Darkhast sales.

Mr. C. Naraharayya, Nelamangala taluk.

Summary of Representation.—The amounts realized in *Darkhast* sales may be held in deposit pending confirmation as is done in sales for arrears of revenue.

Note.—Not discussed owing to the absence of the proposer.

SUBJECT NO. 7.

Levy of Income-tax.

Mr. C. Chennakesaviah, Chitaldrug taluk.

Summary of Representation.—Income-tax is being levied on the income expressly earned before the 1st of July 1920. This seems to be unjust when the Regulation has come into force from the 1st July 1920. In the case of Government servants and Government or private securities, whatever is earned from the 1st July 1920 and in the case of others, whatever is expected to be earned from an estimate of their declarations or previous accounts, will have to be taxed. Suitable orders may be passed on the subject and amounts already levied may be ordered to be refunded.

Note.—Not discussed owing to the absence of the proposer.

SUBJECT NO. 8.

Extension of concessions shown under *Malnad* Raiyats' Privileges Rules to *khatedars* residing in towns.

Messrs. H. Venkatagiriyappa, Sagar taluk and Basalingappa, Sagar Municipality.

Summary of Representation.—The concessions shown under the *Malnad* Raiyats' Privileges Rules may be extended to the *khatedars* in towns.

Note.—Not discussed owing to the absence of the proposer.

SUBJECT NO. 9.

Increase of the Horse Allowance to Shekdars.

Mr. D. S. Hanumantha Rao, Devanhalli taluk.

Summary of Representation.—The Horse Allowance given to Shekdars at present is too small. It may at least be raised to the amount granted in other departments.

Note.—Not discussed owing to the absence of the proposer.

REVENUE—(FOREST.)

(*Nos.* 10 *and* 11.)

SUBJECT NO. 10.

Grazing in State Forests.

Messrs. (1) Narayana Rao, Molakalmuru Taluk, and (2) Narayana Reddi, Pavagada Taluk.

(1) Grazing fees are levied from raiyats for grazing their cattle in the State Forests according to rules. An additional fee is also recovered from them on every head-load of grass cut and removed therefrom. This is a hardship. The fees imposed on head-loads may therefore be abolished.

(2) Cattle are allowed to graze in State Forests only during the 2nd half of the year, *i.e.*, from July to December. As a matter of fact, scarcity for pasturage is felt more keenly during the 1st half of the year. In British Provinces, the forests are open for the use of cattle all the year round. A similar order may be passed here also.

Note.—Not discussed owing to the absence of the proposer.
